

Who do you **depend on**  
for answers when others  
**depend on you?**

Keep pace with the ACA—  
using the insights and tools  
found only in the

## Health Reform KnowLEDGE™ Center

from Wolters Kluwer

The ongoing regulatory developments, legal challenges and political conflicts connected to health reform are so dramatic, and so fluid, that everyone serving in an advisory capacity must find some solid ground—a trusted resource and refuge—that will hold you steady and keep you on course through each new wave of change and every new compliance deadline.

Our complete solution provides up-to-date health reform answers, allowing you to stay completely on track with Affordable Care Act (ACA) deadlines and completely informed in a rapidly changing landscape.

### Know the answers to health care reform questions

- Survey the entire health reform landscape—even as it transforms before your eyes—from one view
- Maintain focus on what's important with expert analysis by attorneys and other subject matter experts in health, benefits, employment, tax law, as well as corporate counsel and human resources experts
- Stay up to date with breaking news and ahead of deadlines with regulatory tracking and alert tools

### Make the right decisions at the right time

- Get fast answers to top issues with smart chart technology—with state-by-state comparisons of contraceptive coverage, health insurance exchanges, and more
- Make ACA part of your workflow with customizable automated alerts, calendar integration, checklists, guidelines, white papers and special briefings
- Launch detailed explanations of the key areas and new developments that are important to you

### Health reform law is changing now

- Remain proactive with real-time information and regulatory alerts delivered to your desktop, laptop, tablet, or phone
- Collaborate with colleagues and educate clients at the speed of change via download and email capabilities
- Save time with the Health Reform WK-EDGE breaking news mobile app that filters by topic, jurisdiction, or what's popular

Maintain focus on what's  
important with expert analysis,  
curated content and information.

Make better, faster  
decisions supported by  
comprehensive information  
and tools created with  
the breadth and depth of  
expert analysis that only  
Wolters Kluwer's 48 years  
of experience in health  
can provide.

Know. Right. Now.
